String lights are mainly used as decorative lighting during the Christmas season, but are also very popular as festive, multi-purpose party lighting. These sets connect to the pro system modular 230V range, making it easy to integrate these sets into custom lighting designs.

String lights: Designed for flexibility

This string light set features a flexible, rubber cable combined with PVC caps for each bulb. This makes this set extremely well suited for outdoor use and you won't have to worry about broken bulbs. The perfect string light when it comes to decorating streets, trees or other objects.

Features

- IP65
- To be combined with pro system modular 230V
- Including 010-013 schuko power cable
- 4x LEDs per bulb
- Trailing edge dimmable
