Tronix festoon lights are made from high quality rubber cables. This not only gives you a flexible cable, but also a set that can withstand changing weather conditions. This ensures a longer lifespan and is ideal for decorating objects or facades.

In addition, our professional festoon lights feature rubber sealing rings. These provide a watertight seal between the sockets and the lamp, so that both parts are optimally protected.

Features

- IP65 (cable and sockets), IP44 (female/male connector with end cap)
- Professional set of festoon lights, made of high-quality rubber and equipped with sturdy, molded sockets. Supplied without lamps
- Connectable up to 200 meters / 2000W

Technical specifications:

Product Name	Festoon light | 10m | 20pcs E27 socket | excl. power cord
Ean	8714984946569
Outer box qty	8st
Lamp type	LED exchangeable
Number of light points	20
With light source	No
Connected load	2500W
Suitable for outdoor use	Yes
Voltage type	AC
Couplable	Yes
Type of control gear	Not required
