Available in standard lengths of 200, 250 and 300 cm, this FP5 LED tile profile is designed for LED strips with a maximum width of 12 mm. This profile system has wings with a large surface area (20 mm wide) on both sides, which are filled with tile adhesive and thus integrated into the tile concept. The tiles are glued to the wings. Thanks to its large surface area, the FP5 LED tile profile dissipates the generated heat very well.

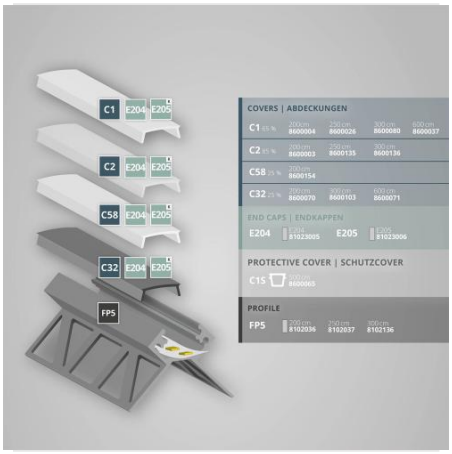

Features

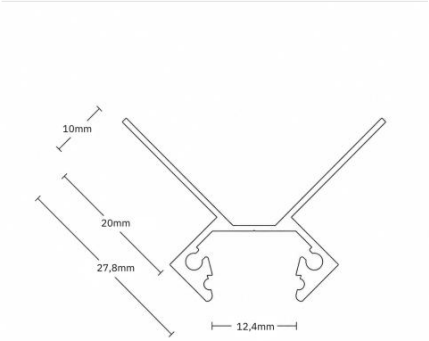

- Type: Tile
- Max. width LED strip: 12 mm

Technical specifications:

Product Name	FP5 LED tile profile outer corner 300 cm, LED strips max.
Ean	8714984935617
