The PN17 LED profile has a standard length of 200 cm and is suitable for LED strips with a maximum width of 30 mm. The surface mount profile is the ideal light source for general room and object lighting on walls and ceilings and can be used flexibly through its modular design. In addition, it is possible to add steel wires to this profile so that it can be used as a pendant light.

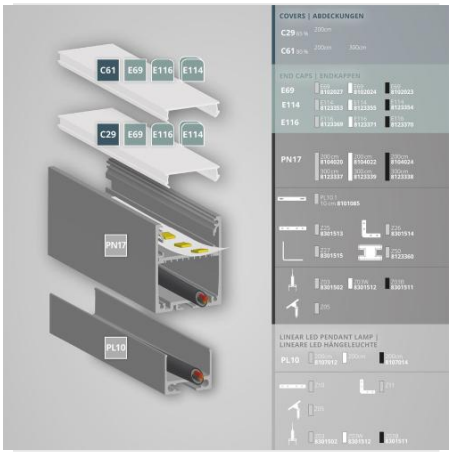

**Features**

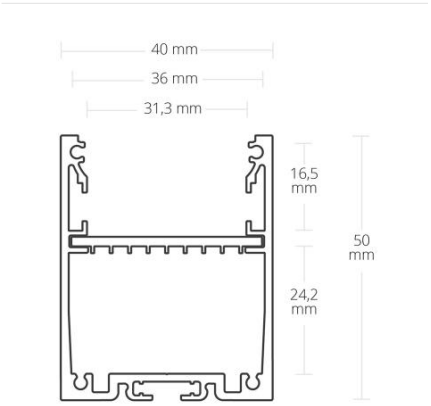

- Type: Surface
- Max. width LED strip: 30 mm
