The PN6n LED profile has a standard length of 200 cm and is suitable for LED strips with a maximum width of 20 mm. The profile features a large heat sink to support even the largest LED chips. It is also possible to use the profile as a pendant light, in combination with a PL10 surface mount profile and a cable suspension set. Each PN6n profile accommodates one of four different covers: flat, tall, very tall or round. The higher or rounder the cover, the greater the beam angle!

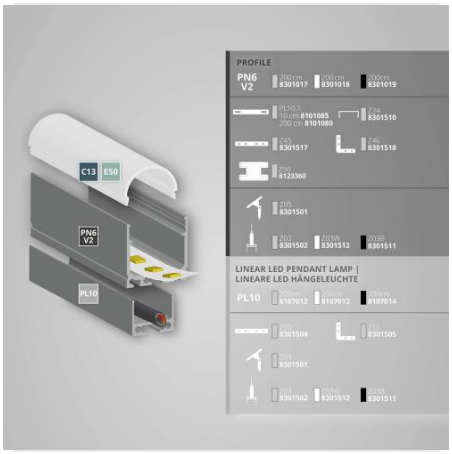

Features

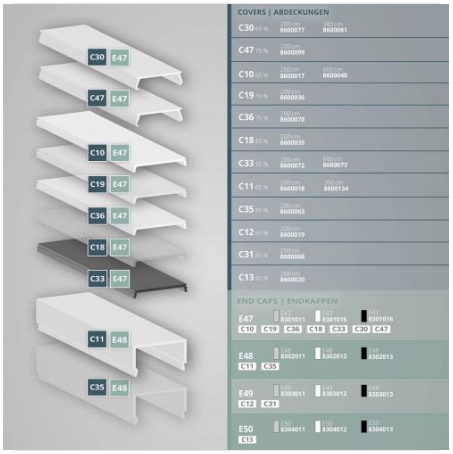

- Type: Surface
- Max. width LED strip: 20 mm

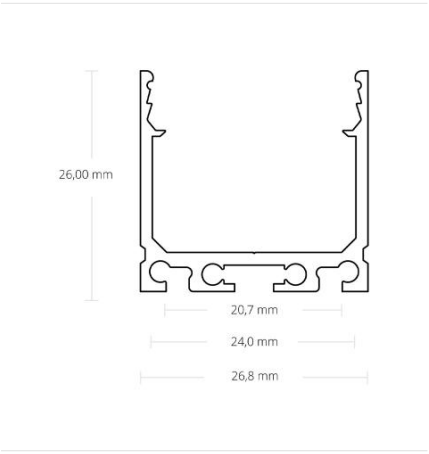

Technical specifications:
