The PN7n LED profile has a standard length of 200 cm and is suitable for LED strips with a maximum width of 24 mm. The profile is easily combined with covers in four different sizes, namely flat, high, very high or round. This makes it possible to work with a variable beam angle, depending on the chosen profile. In addition, this profile offers a large cooling surface, allowing even the most powerful LED strip to fit on the profile without problems.

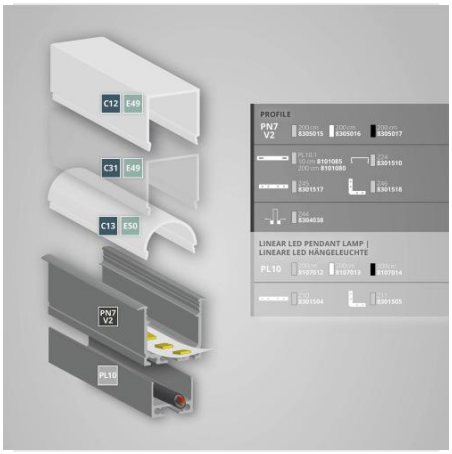

Features

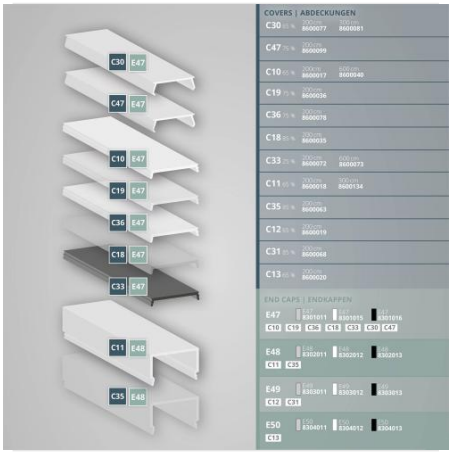

- To be combined with cover C10, C11, C12, C13, C18 or C19
- Type: Recessed
- Max. width LED strip: 24 mm

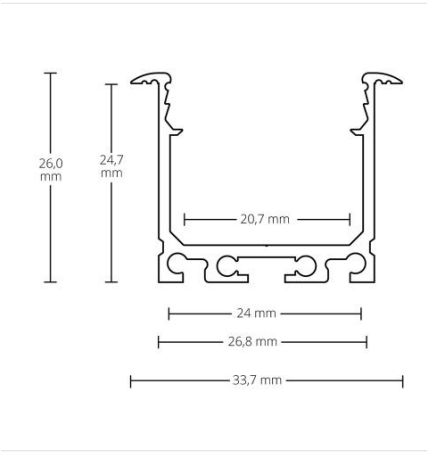

Technical specifications:

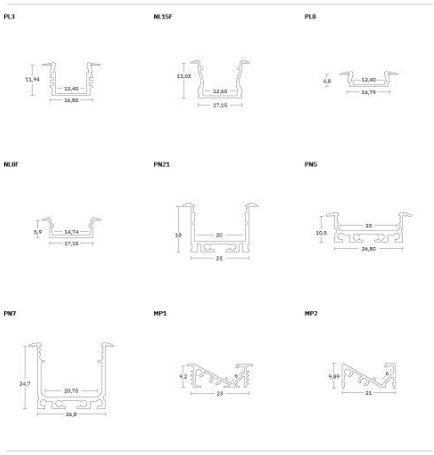

Product Name	PN7n installation profile 200 cm, high, black RAL 9005
Ean	8714984944671
Outer box qty	1st
Colour	Black
Type	Recessed profile
