The PO18 LED profile has a standard length of 200 cm and is suitable for LED strips with a maximum width of 6 mm. The profile is characterized by a particularly narrow and ultra-flat design and is extremely well suited for residential and office furniture, display cases or walls and ceilings, among others. In addition, this profile is specifically designed for tile concepts, so that one can enjoy a profile that fits seamlessly with the tiles yet to be installed.

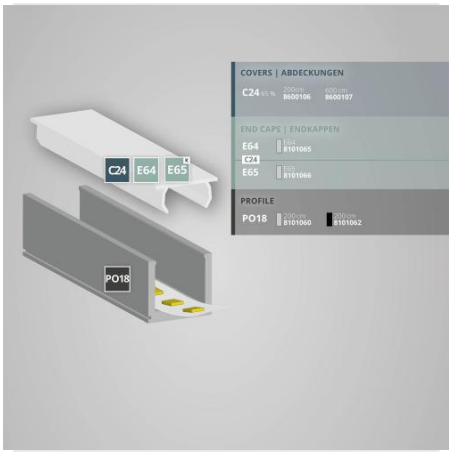

Features

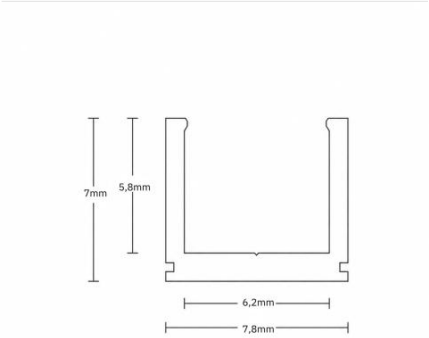

- Type: Surface
