

T8 LED Tube Light

150lm/W

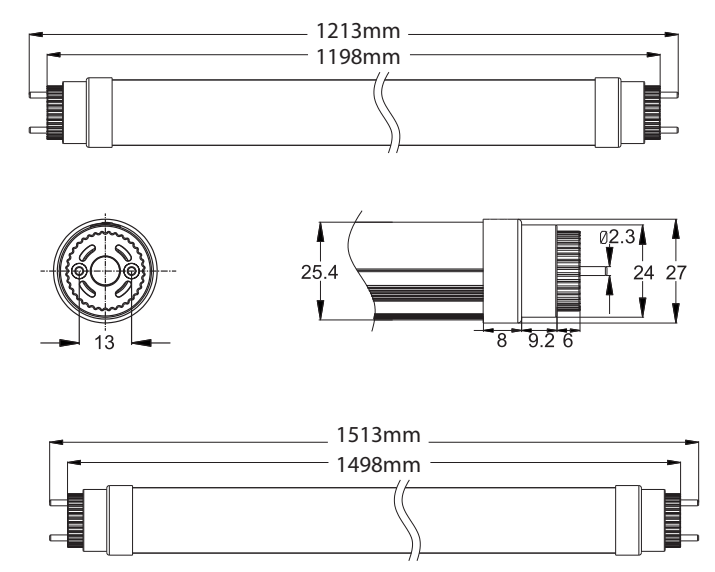

Product Specification

Luminance Efficacy: Frosted Cover:150lm/W  
LED Type: 2835 LED,Epistar  
Input Voltage: AC100-240V  
CCT:4000K, 6500K  
CRI:>80  
PF:>0.9  
Beam Angle:140°  
Driver Type: Internal Driver  
Working Temperature: -20°C-48°C  
5 year warranty

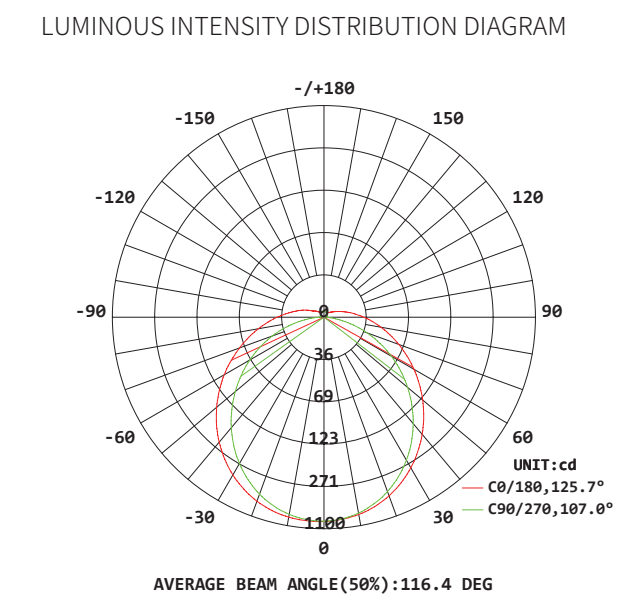

Product Feature

- No need to rewire the fixtures,can be used with electronic ballast,magnetic ballast and directly AC Input.
- Pretty and elegant appearance, rotating end cap
- 6063 Aluminum housing,polycarbonate cover, long lifespan.
- Professional design of optics,no shadow,no light spot.
- Mainly used in factory,supermarket,carpark, hospital and school.
